

Our *vision* is to standardize the practice of dental office management, uphold dental office management as a respected profession, and facilitate an influential community.

To our members,

We hope this letter finds you and your loved ones safe and healthy.

Together, we are all learning from moment to moment how to best navigate the evolving circumstances related to the COVID-19 pandemic. The Dental Office Managers Association of Canada is no exception.

As a commitment to flattening the curve and due to the nature of our business, we have completely shifted to working from the safety of our homes. We are committed to inspiring and guiding you through your many challenges, empowering you towards reaching and exceeding your goals, and providing you with an active community through Facebook so that you and all dentistry leaders like you can join the conversation - during the pandemic and after it.

You can always reach us by phone and email, and through our Facebook page. So, please do not hesitate to reach out if you have any questions or require any information.

Together, we will overcome this situation and come out stronger and wiser on the other side!

Stay safe!

Your Dental Office Managers Association of Canada Team
